WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Board Report

For the year ended 31 March 2024

The mission of Wirral Methodist Housing Association is to work in the community to provide homes and services that improve the quality of life.

The values of the Association are as follows:

Customer Focus: Everything we do puts the customer at the heart of the business. This includes our tenants and residents and also each other as internal customers. We make sure that our customers' needs are met and wherever possible exceeded.

Committed: Going the extra mile to make something happen and making sure a task is completed to the highest possible standard.

Community: Being able to see the bigger picture is important when looking at our community impact. Making the right connections, developing relationships with people from a wide range of cultures and backgrounds and promoting equality of opportunity to improve the areas where we work and our customer's lives.

Technologically Aware: Embrace technology to enhance and deliver the services that we offer. We will seek new ways to deliver services that are efficient and allow easy access to customers.

Efficient: Deliver value for money to increase efficiencies whilst maintaining quality and thinking outside the box to plan and prepare work.

Dynamic and Adaptable: The services we provide aren't static and we are prepared to change and adapt to keep up, deliver excellence and constantly seek new challenges. We will fit in with new ways of doing things, challenge ourselves, think about and organise our continuous development.

Team Player: Team Wirral Methodist, working together efficiently and effectively helping each other to create a more inclusive workplace to achieve continuous improvement.

Plan and Organise: These are skills to make sure we achieve deadlines, prioritise work to achieve customer outcomes.

Homes

Wirral Methodist Housing Association owns, manages and develops homes and provides services for social housing tenants. It has a total of 902 (2023: 892) housing properties split over the following categories:

	2023/24	2022/23
General Needs Housing units	645	636
Supported Housing units	244	239
Shared Ownership Properties	17	17
	<hr/>	<hr/>
Total	906	892
	<hr/> <hr/>	<hr/> <hr/>

These property figures do not include 7 properties that are leased and leased on. These are recorded as managed by us for others in our statistical data return further to advice received from the Regulators of Social Housing.

Financial review

The Association is a registered society under the Co-operative and Community Benefit Societies Act 2014 (previously an Industrial & Provident Society).

During the year the turnover was £6,054k (2023: £5,598k) and consisted of total Social Housing lettings £5,471k (2023: £5,114k), and Non-Social Housing Lettings £76k (2023: £88k). The surplus for the year was £1,657k (2023: £757k), this increases the Revenue Reserves of the Association. The change in pension accounting resulted in a total comprehensive expenditure of £k, (2023: £7k income).

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Board Report [Continued]

For the year ended 31 March 2024

The Association's rent arrears have remained broadly static, from £220k in 2023 to £221k at the year end.

The Board have approved committed expenditure of c£590k on fire remediation works that has not been recognised in the year's result as it did not meet the recognition criteria under FRS 102. However, the commitment to carrying out the works during the 2024/25 financial year has been noted and included in this report for information.

Capital expenditure in the year included £721k on properties under construction, and £313k on components. Stock additions this year comprised £1,987k. The details of the number and cost of component replacements are as follows:

Type	Amount (£'000)	Numbers Replaced
Bathrooms	54	33
Kitchens	18	21
Boilers	180	41
Central Heating	-	-
Doors	5	2
Windows	31	3
Roofs	26	1

The Financial Statements for 2023/24 have been prepared under Financial Reporting Standard 102.

The Statement of Financial Position shows that as at 31 March 2024 the net current assets were £565k (2023: £116k).

The Association is keen to continue developing to meet our objective in finding solutions for those whose housing needs have not been adequately met and to assist the Government in the delivery of additional Social Housing to meet the identified national "crisis". Our development programme is progressing with 10 units at Withens Lane (Old Manor Club) - 6 1 bed bungalows, 2 2 bed houses, 2 3 bed houses. The 8 general needs flats within our office conversion project are due on-site Summer 2024. We have loan funding of £2m available with Warrington Borough Council, which we anticipate drawing down during early 2024/25 and an additional £2m available on the Revolving Credit Facility.

Value for money

The Association aims to use its resources as efficiently, effectively and economically as possible in pursuit of the delivery of the objectives set out in the Business Plan. The approach to Value for Money by the Association is summarised below:

Tenants and their homes: Listening to tenants' requests and survey feedback to customise services for specific needs.

Financial strength: Is about "profit for a purpose" releasing resources to allow the organisation to do more and our capacity to support investment into new and existing homes.

Providing more new homes: Maximise our income and minimise our costs to use the money we have left to provide new homes, improve existing homes.

People and our work: Promoting Value for Money throughout the organisation cascading good practice and success to all our staff and regularly reviewing our performance and reporting widely across the organisation.

Partnerships: Seeking benefits and opportunities for our tenants with existing and new partnerships.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Board Report [Continued]

For the year ended 31 March 2024

The Value for Money Standard 2018 continues to apply with the reporting metrics unchanged from the previous year.

The Board set some clear objectives last year to improve Value for Money:

I. Do the right things to add value

- Understand our Tenants priorities and be clear about resources used to demonstrate how we are meeting them.
- Review our structure to ensure we can deliver our Objectives
- Adopt a value focused culture across the association

II. Do we do things right?

- Address the gaps in our data (including stock data), intelligence, and feedback to help inform decisions.
- Undertake a deeper dive to understand associated costs and performance and compare with others
- Continue to invest in ICT

III. Governing, managing and measuring VfM

- Capturing data, both number and narratives through engagement with Tenants
- Use 'mission' to set a small number of clear VfM measures we can regularly report and monitor

Maintain our Objectives to increase our understanding of VfM measures with Tenants staff and other stakeholders

Provider of Excellence Services

We will enable access to services utilising digital channels, and tenants to be able to self-serve - we are continuing to improve My Home and are investigating into the addition of additional features such as self-serve direct debit payment set-up.

We will improve communications with tenants for all services areas – we continue to carry out neighbourhood walkabouts to capture tenants opinions and invited tenants'. These are a vital opportunity for us to listen to tenants, encourage them to have their say, raise the issues that matter to them the most whilst meeting staff and board members. We get excellent feedback to help us develop our service further ensuring we are giving our tenants the best experience we can.

We will engage with tenants/customers/residents to improve our service - we invited tenants along to our AGM and hosted some interactive activities which enabled us to capture tenants' opinions on what matters most to them about the service that we offer. A Tenants Advisory Group was created last year, and they provide feedback on our web service, including features that they would like to see. These improvements have begun and we reported progress on our website and in the Tenants Magazine 'The Buzz'.

Procure repairs and maintenance contractor – during 2023/24 we have been advised that our current main contractor, HMS, will no longer be operating in this regard. An exercise to source an alternative main repairs contractor is currently underway and the details of this will remain commercially confidential until such time as a contract has been formally entered into.

Financially Strong and Compliant

Comply with current and any new regulation and legislation to meet the Regulators Standards we have provided regular updates on performance against Health & Safety compliance targets, along with regular performance reporting to our committees. The Association submitted its annual regulatory Statistical Data Return. We have recruited an additional Board member and implemented effective succession planning. There has been an annual self-assessment of the Regulatory Codes and standards which show that the Association continues to meet and exceed its obligations with regard to its regulatory requirements.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Board Report [Continued]

For the year ended 31 March 2024

Deliver a strong financial business plan, with regular updates to our Brixx business plan and stress testing - We continue to review and seek to better understand our costs and income. We also seek to ensure we are clear on the long-term impact on the business plan of changes in inflation and interest rates.

Implementation and improvements recommendations of the Governance review – WMHA follows the NHF code of Governance, which was formally adopted in July 2021, and continually seeks to ensure compliance through various means of formal self-assessment. Our Rules are aligned with the Code, including a Board composition of between 5 and 12 members. Although our current board membership is 9, this kept under constant review. .

An Excellent Association

We will use technology to enhance communication and agile working - The association has employed specific skills to utilise data for information gathering and we have use the data we hold to maximum beneficial impact on services. We collect data from complaints and other forms of feedback and analyse, learn from and report quarterly to Board and Tenants Committee as well as at an employee's performance panel. We continue to learn from complaints and adapt our services where this is deemed appropriate.

We will enhance the skills of our employees - we have continued our membership of the Housing Quality Network which offers training programmes for Housing Associations these sessions are available for all staff. We are also a member of Community Housing North West ("CHANW") which enables us to link in to webinars and training offered by Acuity. We use Citation, HR & training system to continuously improve all staffs skills, including CPD accreditation in many areas . We continue to review the staffing structure to ensure it remains suitable and fit for purpose, seeking to develop staff and self learning where applicable.

We will continue our offer of wellbeing initiatives for our employees - we have continued to offer our Employee Assistance Programme and have enhanced this with the, and Medicash membership.

We will continue to embed Equality Diversity and Inclusion - this is now included as a consideration on all committee reports within the business, and in our recruitment process.

Building Thriving Communities

Investing in our viable Homes - we have spent £313k on the replacement of components. We have funded Type 3 Fire Risk Assessments works on our communal dwellings which provides enhanced fire security beyond our usual Type 1 assessments - this led to enhancements in the fire protection within our buildings. Additionally as noted elsewhere, the Board have approved £590K additional expenditure on fire remediation works to be completed during 2024-25.

We have introduced a more rigorous approach to investment, with a business case required for each investment decision which considers alternative delivery models and requires the Board to make trade-offs based on cost and quality considerations. Evidence considering the whole life costing and cost in use for residents when planning investments in new and existing properties. Proactively manages the return on assets, with robust links between corporate - level data (such as the gearing ratio) and individual property-related data used to inform invest/disinvest decisions for individual properties. Improve operating and net surplus in the year to plough back into providing new homes.

To assist with this, we are increasing the amount and use of data in key decision making by collating information on stock condition, value, net present value, investment needs, maintenance costs, costs in- use for tenants, local demographics and demand (churn, void rate) to aid VfM use of our investment program funds. The use of this data helps to build a picture of the performance of the stock (at location and individual property levels) and report to Board regularly. A full Stock Condition Survey was commenced during the year, with the results anticipated during the Summer/Autumn, which will provide data on future expectations and will drive our new Asset Management Strategy.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Board Report [Continued]

For the year ended 31 March 2024

Developing more homes to meet a range of needs - we completed the construction of 15 1-bed flats at 'The Milliners' scheme, New Chester Road, Rock Ferry during the year. The need for these types of properties had been highlighted by the council through analysis of their waiting list, and we are pleased to have fully let all units. We completed the acquisition of the former offices at Hamilton Road, and the project to convert these premises into 8 units of accommodation and improved commercial units on the ground floor will commence in July 2024. The Withens Lane development was completed in Spring 2024, delivering 6 1bed bungalows, 2 2bed houses, and 2 3bed houses suffered delays through contractual performance issues with the original developer, but a replacement was found, and the scheme completed in late June 2024, providing further vital housing options for us.

Working with our partners and investing in our communities – We continue to build with Wirral Borough Council , continuing our involvement in local plan talks and regeneration plans. We are also continuing to work in partnership with Alpha Living, Homes England, CHAW group and the Liverpool City Region group.

Delivering on Tenants Charter and Together with Tenants – We are delivering our action plan, updating our Complaints Policy to ensure that we adopt a consistent approach to how we handle complaints and that our process is in line with the Ombudsman. We have also established a Tenant Advisory Group who have reviewed feedbacks and identified areas for improvement for, ensuring we listen and take account of our tenant's opinions and see to understand what matters to them most. We use the information from this group to influence the direction of the organisation.

Be Environmentally Sustainable

Develop a strategic approach to the decarbonisation of our assets - we are currently forging relationships to enable better access to the Social Housing Decarbonisation Fund and the Building Safety fund to source funding to retrofit our older stock.

Support tenants with information about energy efficiency/fuel poverty - we continue to signpost tenants on a regular basis to organisations who can assist tenants in these areas. Our kitchen and bathroom replacements included the provision on LED lighting to assist tenants with their energy bills. When completing the 41 boiler replacements this year we have also power flushed the system and ensure that TRV's are fitted to all radiators so that the boiler operates efficiently.

Introduce contractual practices, utilise opportunities to reduce the use of unsustainable materials and waste - the contract for the replacement of kitchen and bathrooms includes the provision of LED lighting to reduce

Reduce office waste and energy consumption – we now utilise Microsoft Teams to minimise unnecessary travel to meetings and facilitate remote working capability for staff, enabling collaborative working, and continued to save paper, and ink by utilising digital communications.

The Value for Money figures for 2023/24 have been calculated based on the draft Annual Accounts as completed by Mitchell Charlesworth, and the 2022/23 metrics have been updated as a year on year comparator based on the approved accounts for the year ended 31 March 2023. The previously published metrics had been calculated on the final Management Accounts for the year. The Association is a member of the benchmarking club for Community Housing Associations (North West) and the median of the group for 2023/24 has been included.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Board Report [Continued]

For the year ended 31 March 2024

Indicator	WMHA 2023/24	WMHA 2022/23	Community Housing Associations NW Median 2023/24
Reinvestment %	5.94%	6.27%	2.94%
New Supply Delivered (Social Housing Units)	1.5%	0%	0%
New Supply Delivered (Non-Social Housing Units)	0%	0%	0%
Gearing %	22.09%	25.67%	2.02%
EBITDA MRI Interest Cover	270.36%	195.93%	246.1%
Headline Social Housing Cost per Unit	£3,834	£4,163	£5,260
Operating Margin (Social Housing Lettings only) %	25.21%	13.65%	18.25%
Operating Margin (overall)%	25.72%	17.50%	17.60%
Return on Capital Employed	3.02%	5.19%	3.49%

The table above shows the following with regards to the Association's performance:

- WMHA's Reinvestment performance has fallen slightly from 6.27% to 5.94%, driven by delays to planned maintenance programmes during the year.
- New supply delivered, at 1.5%, represents the completion of the 14-unit general needs scheme at The Milliners, New Chester Road, Rock Ferry.
- Gearing has reduced to 22.09% from 25.67% in 2022/23. Although WMHA's Gearing is considerably higher than the median of the CHANW group at 2.02%, the highest gearing recorded for the group is 75.43%.
- Interest costs have increased year-on-year, but at a much lower rate than earnings, this has led to a reduction in our EBITDA MRI (Earnings before interest, tax, depreciation, amortisation less capitalised major repairs) to 270.36%, up from 195.93% in 2022/23. This shows the amount of headroom in meeting interest payments.
- The headline social housing cost per unit of £3,725 (down from £4,163 in 2022/23) reflects a reduction in the overall operating costs, and planned maintenance activity for the association for the year has been at lower volumes.
- WMHA's Operating Margin overall has increased from 17.5% to 25.72%, and is higher than median of the peer group, which is the result of turnover increasing at a rate of 8.1% and costs reducing at a rate of 7.1 %.
- WMHA's Operating Margin for Social Housing Lettings has increased from 13.65% to 25.2%, which is higher than the CHANW median, illustrating that the previously identified need to obtain better Value for money on our contracts is being achieved.
- Return on Capital Employed has decreased from 5.19% in 2022/23 to 3.02% in 2023/24, which is broadly in line with median of 3.49%, which suggests that we are utilising our assets at similar levels of efficiency to our peers.

The Association continues to measure its own performance through regular reporting and analysis to an operational Performance Panel on a monthly basis. Additionally, specific areas of performance are reported to the relevant sub-committees, including:

Budget Monitoring and Covenants Compliance - Quarterly reports to Governance and Internal Control Committee ("GIC").

Developments - Reports on progress on capital schemes and on proposed new developments to Board.

Housing Management - Key performance indicators on re-let performance, void loss and tenant arrears reported to Tenants sub-committee.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

The emphasis for the Association will be on the delivery of the objectives set out in the Business Plan. Further performance indicators, relevant for the Association, with targets for 2024/25 (unchanged from 2023/24) are as follows:

Board Report [Continued]

For the year ended 31 March 2024

Key Performance Indicators	WMHA 2023/24	WMHA 2022/23	Target 2023/24	Target 2024/25
% of Rent Lost through dwellings being vacant - General Needs only	1.32%	1.02%	1.10%	1.10%
Average re-let times (calendar days - General Needs only)	55 days	14 days	25 days	25 days
Current Rent Arrears	3.65%	3.92%	4.2%	4.2%
% of Emergency Repairs completed within target time	96%	96%	97%	97%
% of Reactive Repairs completed within target time	99%	98%	99%	99%
% of dwellings with a valid gas safety certificate	100%	100%	100%	100%

- Rent Loss through dwellings being vacant has increase from 1.02% to 1.32%.
- Average re-let times have considerably increased to 55 days, well-above as a result of 23 of 25 days allowed for continuation of delays in supplies.
- Rent Arrears Net of HB has not yet been reported as this is more complex to produce.
- Emergency Repairs completed within target has reduced to 96%, this is partial due to the introduction of HMS and some teething issues, but also due to an increase in job numbers as part of the post Covid return.
- 99% Reactive Repairs completed within target, which was in-line with the target for 2023/24

Social and Environmental Impact

We want to build homes and create communities, one of our corporate objectives is to create thriving communities and this is what we aim to continue to do. We aim to be responsive to the wide range of housing need and flexible in ensuring we make the best use of our homes, letting them as quickly as possible. After a probationary period of 12 months, we offer periodic assured tenancies providing security of tenure.

The safety of our tenants is our main priority, and we take our regulatory obligations, compliance and management of associated risk seriously. The four significant areas are Decent Homes Standard, gas safety, fixed wiring (electrical) tests and fire risk assessments. For gas safety we have clear and specific duties under these regulations. We use accredited contractors to undertake maintenance, repairs and servicing. We have again maintained 100% of homes with an in date accredited gas safety as at 31 March 2024. We have invested in having an external review of this area and used the finding to ensure robust monitoring and delivery of compliance, which is reported to Board using a compliance scorecard.

At 31 March 2024, 99.9% have a valid Electrical Installation Condition Report (i.e. a single property remained without inspection despite multiple attempts to access) and 100.0% had a valid Fire Risk Assessment.

The management of complaints has been improved using the ombudsman code and the assessment against the code was reported to Tenants and Communications for approval and published on the website. In 2022/23 100% of complaints were responded to within the Complaint Handling code timescales, and we had 0.1% complaints relative to the size of the organisation.

We are committed to continually improving our resident engagement approach, we have continued to operate the 'My Home' application to enable tenants to communicate with us digitally. We have also competed a series of neighbourhood walkabouts, which we continue to carry out, enabling us to listen to our tenants' opinions and make first-hand observations of our neighbourhoods.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Board Report [Continued]

For the year ended 31 March 2024

In our day to day landlord activities we provide significant support to our residents. This includes neighbourhood services; tackling anti-social behaviour, financial inclusion and sensitive handling of rent arrears situations. We have a dedicated arrears officer who assists with welfare benefits advice. We signpost tenants to our social supermarket who offers value for money products.

We offer supported accommodation to tenants who require additional services in their home.

The Association believes that employees deserve fair pay and have therefore implemented real living wage for all of its directly employed staff and is currently collaborating with contractors to support them in also making this change.

We value our employees, and their wellbeing is important to the organisation. This is why we continue to offer an Employee Assistance Package - which offers services such as counselling, mediation etc. Staff also now have access to medical support via Medicash.

Environmental

We have begun to plan for the improvements required to our properties in order to attain EPC C Ratings on all our properties by 2030. We have ensured that all EPC ratings have been updated on our system and we currently have EPC ratings grade C and above on c 60% of our properties. Average Environmental (CO2) Impact Rating is 66 Average Energy Efficiency Rating is 69 - for both of these measures EPC C carries a rating of 69-80, B is 81-91, A is 92-100.

A project to collate stock condition data has continued throughout 23/24 as part of the Data Integrity project, and will further inform our future Asset Management Strategy, which is being developed for implementation from Summer 2024.

We have improved our waste management by working towards paperless - we have introduced electronic signing for our tenancy agreements, and contractor invoices are emailed into the office as opposed to printed and posted. In terms of waste paper from the office - 95% of the paper that we send to shredding is recycled into toilet paper. LED lighting is currently installed in head office, and is being introduced within the kitchen and bathroom replacement programme.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Board Report [Continued]

For the year ended 31 March 2024

Going concern

WMHA's business activities, its current financial position and factors likely to affect its future development are set out within this report. The Association has in place a Treasury Management strategy which provides adequate resources to finance committed reinvestment and development programme, along with day-to-day operations. There is also a long term business plan that shows that the Association can service its debt facilities whilst continuing to comply with lenders' covenants. As at 31 March 2024 WMHA had available cash balances of £1.7m and a further £4m of secured but undrawn loan facilities that could be drawn at short notice. The Warrington BC loan drawdown expires in July 2025, but the intention is to draw down the outstanding £2m before the end of 2024.

The Board's assessment of going concern involves a number of subjective judgements including, but not limited to increased rent arrears, delayed rent collections, increased voids, and reduction in property prices. In making their assessment the Board have also considered the potential mitigations available to manage the potential impact on its cashflows and liquidity.

A wide-ranging multivariate stress test has been run on the business plan including the normal suite of scenarios that are tested regularly. The multivariate stress test includes the impact of sensitivities on the association's cash flow requirements, as well as covenant compliance. This stress testing found that the business plan is robust and does not affect WMHA's ability to meet its obligations.

The Association has not suffered significant negative financial impact as a result of COVID-19 to date. As part of the going concern assessment and conclusion, the continuing effects of COVID-19 and post Brexit transition have been considered in the stress tests carried out. These will continue to be closely monitored throughout 2022/23 due to the changing financial landscape specifically in terms of interest rates and the potential impact on rents and costs. If costs stabilise and interest rates reduce, then WMHA will be in a stronger position to go out for funding and increase its development programme. Another mitigation would be to seek a high rate of grant funding for our energy efficiency works, this coupled with a change in our interest cover covenant to EBITDA only would strengthen our position and enable WMHA to continue to develop. This stress testing found that the business plan is robust in terms of maintaining our current operational position, and that with the adoption of some of the mitigations identified coupled with a downward turn in interest rates and inflation, the plan will be strengthened enough to enable us to meet the future demands of the business and give us the ability to fund a small development programme.

On this basis, the Board has a reasonable expectation that the group has adequate resources to continue in operational existence for the foreseeable twelve months after the date on which this report and financial statements are signed.

The Board have considered the foreseeable future for their going concern assessment to cover the period to 31 March 2025, and continues to adopt the going concern basis in the preparation of its financial statements.

On this basis, the Board continues to adopt going concern basis in the financial statements.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Board Report [Continued]

For the year ended 31 March 2024

Statement of Board responsibilities in respect of the Report and the financial statements

The Board is responsible for preparing the Board Report and the financial statements in accordance with applicable law and regulations.

The financial statements are required by law to give a true and fair view of the state of affairs of the Association and of the surplus or deficit for that period.

In preparing these financial statements, the Board is required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards and the Statement of Recommended Practice have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Association will continue in business.

The Board is responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Association and enable them to ensure that its financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Housing and regeneration Act 2008 and the Accounting Direction for Social Housing in England 2022. It has general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Association and to prevent and detect fraud and other irregularities.

Internal controls assurance

The Board recognises that no system of internal control can provide absolute assurance against material misstatement or loss or eliminate all risk of failure to achieve business objectives. The system of internal control is designed to manage key risks and to provide reasonable assurance that planned business objectives and outcomes are achieved. It also exists to give reasonable assurance about the preparation and reliability of financial and operational information and the safeguarding of the Association's assets and interests.

In meeting its responsibilities, the Board has adopted a risk-based approach to internal controls that are embedded within the normal management and governance process. This approach includes the regular evaluation of the nature and extent of risks to which the Association is exposed and is consistent with Turnbull principles. Risk reporting includes Cyber security, for which we have mitigation strategies in place including monthly penetration testing, regular software updates, we have installed a new Firewall and office wi-fi hubs in 2022/23.

The Association uses conventional forms of working capital to finance its day to day activities and as such the figures appearing in the accounts reflect the absolute value of amounts recoverable or payable. The Board receives regular reports on these figures in order to manage the Association's requirements.

The process adopted by the Board in reviewing the effectiveness of the system of internal control, together with some of the key elements of the control framework includes:

Identification and evaluation of key risks

Management responsibility has been clearly defined for the identification, evaluation and control of significant risks.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Board Report [Continued]

For the year ended 31 March 2024

There is a formal and ongoing process of management review in each area of the Association's activities. The Board and Senior Management Team regularly consider and receive reports on significant risks facing the Association and the Chief Executive is responsible for reporting to the Board any significant changes affecting key risks.

Monitoring and corrective action

A process of control, self-assessment and regular management reporting on control issues provides hierarchical assurance to successive levels of management and to the Board. This includes ensuring that corrective action is taken in relation to any significant control issues, particularly those that may have a material impact on the financial statements and delivery of services.

Environment and control procedures

The Board retains responsibility for a defined range of issues covering strategic, operational, and financial and compliance issues including treasury strategy and new investment projects. The Board works closely with the Senior Management Team to ensure controls are robust and appropriate. In place is a framework of policies and procedures with which employees must comply. These cover issues such as delegated authority, segregation of duties, accounting, treasury management, health and safety, data and asset protection and fraud prevention and detection.

Information and financial reporting systems

Financial reporting procedures include detailed budgets for the year ahead, detailed management accounts produced quarterly and forecasts for the remainder of the financial year. These are reviewed in detail by the Executive Management Team and are considered and approved by the Board on a quarterly basis. The Board also regularly reviews performance to assess progress towards the achievement of key business objectives, targets and outcomes.

Internal Audit Assurance

The internal control framework and the risk management process are subject to regular review by Internal Auditors who advise the Executive Management Team and report to Governance and Internal Control Committee. We promote a risk-aware culture and expect reporting to consider and present risks alongside proposals. Our risk management methodology are contained within a Board approved Risk Management Policy and Framework. The Governance and Internal Control Committee scrutinises all risk at each meeting and risks are reported to the Board Business meeting as part of Board Assurance reporting.

Governance

The Association complies with the principles of the NHF Code of Governance 2020, and regularly completes a self assessment against this code. New Board members were sought to replace retiring members in advance of their departure and are measured against any identified skills shortages.

Our Board champions collaborate on a range of issues such as Environmental Impact, VFM, Finance, Repairs and Supported housing to provide support within their areas of responsibility, assisting with determining the broad goals and the scope of projects.

Board members are required to complete an annual declaration of interests and inform if there are any changes to their interests during the year in line with the Code of Conduct. At Board meetings members raise any potential conflicts of interest for the business being discussed, the member will be asked not to contribute/vote on the decision or be asked to leave the room while the business is discussed.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Board Report [Continued]

For the year ended 31 March 2024

The Association has set a maximum continuous length of service for Board Members at nine years and considers that this and its arrangement for Board Members appraisal as set out in its "Membership and Governance Policy" (available on request) are sufficient given the voluntary nature of the Board to discharge the Code's intentions. The Association has established a Governance and Internal Controls Sub Committee that addresses the expectations of the Regulator of Social Housing in respect of internal control assurance, which includes assessments that demonstrate compliance with the Governance and Financial Viability Standard of their Regulatory Framework.

Statement of Disclosure of Information to Auditors

In so far as the Executive Managers are aware:

- there is no relevant audit information of which the company's auditor is unaware; and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information

Statement of Compliance

The Board confirm that this report has been prepared in accordance with the principles set out in Paragraph 4.7 of the 2018 Updated SORP for Registered Social Housing Providers.

Approved by the Board on 16 July 2024 and signed on its behalf by:

Independent Auditors' Report to the Members of WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Opinion

We have audited the financial statements of Wirral Methodist Housing Association Limited (the 'Association') for the year ended 31 March 2024 which comprise the Statement of Comprehensive Income, Statement of Changes in Reserves, Statement of Financial Position and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Association's affairs as at 31 March 2024 and of its income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Co-operative and Community Benefit Societies Act 2014, the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2022.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Association in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the board's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the association's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the board with respect to going concern are described in the relevant sections of this report.

Other information

The Board of Management is responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Mitchell Charlesworth

Independent Auditors' Report to the Members of WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

[Continued]

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Co-operative and Community Benefit Societies Act 2014 requires us to report to you if, in our opinion:

- the Association has not kept proper books of account, and not maintained a satisfactory system of control over its transactions, in accordance with the requirements of the legislation; or
- the revenue account, any other accounts to which our report relates, and the balance sheet are not in agreement with the Association's books of account; or
- we have not obtained all the information and explanations necessary for the purposes of our audit.

Responsibilities of the Board of Management

As explained more fully in the Board of Management's responsibilities statement set out on page 5, the Board of Management is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as it determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Management is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Management either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The specific procedures for this engagement and the extent to which these are capable of detecting irregularities, including fraud is detailed below:

Mitchell Charlesworth

Accountants

3rd Floor 5 Temple Square Temple Street Liverpool L2 5RH

Independent Auditors' Report to the Members of WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

[Continued]

Extent to which the audit was considered capable of detecting irregularities, including fraud

We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and then design and perform audit procedures responsive to those risks, including obtaining audit evidence that is sufficient and appropriate to provide a basis for our opinion.

Identifying and assessing potential risks related to irregularities

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, we considered the following:

- the nature of the industry and sector, control environment and business performance;
- the Association's own assessment of the risks that irregularities may occur either as a result of fraud or error;
- the results of our enquiries of management and members of the Board of Management of their own identification of and assessment of the risks of irregularities;
- any matters we identified having obtained and reviewed the Association's documentation of their policies and procedures relating to:
 - identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance;
 - detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud; and
 - the internal controls established to mitigate risks of fraud or non-compliance with laws and regulations; and
 - the matters discussed among the audit engagement team regarding how and where fraud might occur in the financial statements and any potential indicators of fraud.

As a result of these procedures, we considered the opportunities and incentives that may exist within the organisation for fraud and identified the greatest potential for fraud in the following areas:

(i) The presentation of the Association's Statement of Financial Activities, (ii) the Association's accounting policy for revenue recognition (iii) the overstatement of other costs (iv) the valuation of the defined benefit pension scheme . In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override.

We also obtained an understanding of the legal and regulatory framework that the association operates in, focusing on provisions of those laws and regulations that had a direct effect on the determination of material amounts and disclosures in the financial statements. The key laws and regulations we considered in this context included the Co-operative and Community Benefit Societies Act 2014 and the Statement of Recommended Practice for registered social housing providers issued by the joint SORP making body.

In addition, we considered provisions of other laws and regulations that do not have a direct effect on the financial statements but compliance with which may be fundamental to the association's ability to operate or to avoid a material penalty.

Mitchell Charlesworth

Accountants

3rd Floor 5 Temple Square Temple Street Liverpool L2 5RH

Independent Auditors' Report to the Members of WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

[Continued]

Audit response to risks identified

Our procedures to respond to risks identified included the following:

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with relevant laws and regulations described above as having a direct effect on the financial statements;
- enquiring of management and members of the Board concerning actual and potential litigation and claims;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- reading minutes of meetings of those charged with governance and reviewing correspondence with relevant authorities where matters identified were significant;
- in addressing the risk of fraud through management override of controls, testing the appropriateness of journal entries and other adjustments; assessing whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business.

We also communicated relevant identified laws and regulations and potential fraud risks to all engagement team members and remained alert to

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the Association's members, as a body, in accordance with section 87 of the Co-operative and Community Benefit Societies Act 2014. Our audit work has been undertaken so that we might state to the Association's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Association and the Association's members as a body, for our audit work, for this report, or for the opinions we have formed.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Notes to the Financial Statements For the year ended 31 March 2024

1. Principal accounting policies

The accounts have been prepared in accordance with applicable United Kingdom Accounting Generally Accepted Accounting Practice (UKGAAP), the Statement of Recommended Practice: 'Housing SORP 2018 Update: Statement of Recommended Practice for Social Housing Providers'.

Basis of accounting

The financial statements comply with the Co-operative and Communities Benefit Societies Act 2014, the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2022.

The accounts are prepared on the historical cost basis of accounting and are presented in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £'000.

The financial statements to 31 March 2024 have been prepared in compliance with FRS102.

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Association's financial statements:

Going concern

The financial statements have been prepared on a going concern basis, which assumes an ability to continue operating for the foreseeable future. The Association undertakes an annual review of its financial position and its ability to meet its financial obligations. At the time of approving the financial statements the Board have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus, the Board continue to adopt the going concern basis of accounting in preparing the financial statements.

Amortisation of provisions & liabilities

Premiums received on bonds are amortised to the revenue account over the life of the bond issue on a straight line basis.

Apportionment of management expenses

Direct employee, administration and operating costs have been apportioned to the most appropriate cost headings, based upon an internal assessment by the Association.

Statement of Cash flows

Under the requirements of FRS102 the Association has prepared a cash flow statement on the basis of continuing operations.

Housing properties

Housing properties are stated at cost less accumulated depreciation and impairment losses. Cost includes the cost of acquiring land and buildings, and development costs directly bringing properties into use. Capitalisation ceases when substantially all the activities that are necessary to get the asset ready for use are complete.

Direct costs relating to development activities are capitalised.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Notes to the Financial Statements For the year ended 31 March 2024

1. Principal accounting policies [Continued]

Impairment

An assessment is made at each reporting date as to whether an indicator of impairment exists. If such an indicator exists, an impairment assessment is carried out and an estimate of the recoverable amount of the asset is made. Where the carrying amount of the asset exceeds its recoverable amount, an impairment loss is recognised in the Statement of Comprehensive Income. The recoverable amount of an asset is the higher of its value in use and fair value less costs to sell. Where assets are held for their service potential, value in use is determined by the present value of the asset's remaining service potential plus the net amount expected to be received from its disposal. Depreciated replacement cost is taken as a suitable measurement model.

Improvements to properties

Expenditure on improvements to existing properties, which result in an increase in the net rental stream over the life of the property, are deemed to enhance the economic benefits of the asset and are capitalised. An increase to the net rental stream may arise through an increase in the net rental income, a reduction in future maintenance costs or a significant increase in the useable life of the property.

Turnover

Turnover represents rents and amounts invoiced in respect of the provision of services and amortised government grants.

Depreciation

Depreciation is calculated to write off the cost of tangible fixed assets on a straight line basis over their estimated useful lives. Following the adoption of component accounting different lives have been assigned to each component: The depreciation rates are as follows:

	To 2023/24
Housing properties - Structure	50-100 years (dependent on age of property at purchase)
Roofs	70 years
Windows	30 years
Doors	30 years
Central Heating	40 years
Boilers	15 years
Kitchens	20 years
Bathrooms	30 years
Premises and leasehold improvements	5-35 years (dependent on lease)
Fixtures and fittings	3-5 years
Computer equipment and software	3 years

Designated reserve

This reserve relates to a welfare fund for tenants. Expenditure is charged to this fund in exceptional circumstances, at the discretion of the Head of Housing, based on tenant need.

Shared ownership reserve

This reserve relates to contributions made by way of a service charge in excess of the costs incurred by the Association. These funds have been restricted to cover future major repairs works on the shared ownership schemes and are increased by RPI each year.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Notes to the Financial Statements For the year ended 31 March 2024

1. Principal accounting policies [Continued]

Financial instruments

Financial instruments are classified and accounted for according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets on the company after deducting all of its liabilities.

Interest and finance costs

All interest is charged to the Income and Expenditure account in the year in which it is incurred.

Operating leases

Rentals payable under operating leases are charged on a straight line basis over the term of the lease.

Pension costs

The Association participates in the Social Housing Pension Scheme (SHPS). The scheme is a defined contribution scheme. The defined benefit pension scheme was closed in 2019, and the assets of the scheme are held separately from those of the Association in an independently administered fund.

The Association also makes contributions to a Standard Life pension scheme for one employee.

The disclosures in the accounts follow the requirements of FRS102. Contributions payable under an agreement with SHPS to fund past deficits are recognised as a liability in the Association's financial statements. Defined contributions are expensed in the year in which they relate to via the SOCI.

Social Housing (SHG) and other grants

SHG and similar capital grants are amortised over the life of the structure and credited to income. Unamortised SHG is shown as deferred income. SHG may be recycled or repaid under certain circumstances, primarily following sale of a property but will normally be restricted to net proceeds of sale. Grants for revenue expenditure are credited to the income and expenditure account as they become receivable.

Where SHG is recycled, the SHG is credited to a recycled capital grant fund which appears as a creditor until spent.

Supporting people

Supporting people income and expenditure are recognised within the period to which they relate. Supporting people income ended this year.

Value Added Tax

Wirral Methodist Housing Association is VAT registered but a large proportion of its income, rents, is exempt for VAT purposes and therefore gives rise to a partial exemption calculation. Expenditure is shown inclusive of VAT as VAT recovered is a minimal amount. Input tax recovered is deducted from operating costs.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the Association after deducting all of its liabilities.

Financial assets and financial liabilities are recognised when the Association becomes a party to the contractual provisions of the instrument.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Notes to the Financial Statements For the year ended 31 March 2024

1. Principal accounting policies [Continued]

Financial assets carried at amortised cost

Financial assets carried at amortised cost comprise rent arrears, trade and other receivables and cash and cash equivalents. Financial assets are initially recognised at transaction value plus directly attributable transaction costs. After initial recognition, they are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial.

If there is objective evidence that there is an impairment loss, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced accordingly.

A financial asset is derecognised when the contractual rights to the cash flows expire, or when the financial asset and all substantial risks and reward are transferred.

If an arrangement constitutes a financing transaction, the financial asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial liabilities carried at amortised cost

These financial liabilities include trade and other payables and basic interest bearing loans and borrowings.

Non-current debt instruments which meet the necessary conditions in FRS 102 are initially recognised at transaction value adjusted for any directly attributable transaction cost and subsequently measured at amortised cost using the effective interest method, with interest-related charges recognised as an expense in finance costs in the Statement of Comprehensive Income. Discounting is omitted where the effect of discounting is immaterial.

A financial liability is derecognised only when the contractual obligation is extinguished, that is, when the obligation is discharged, cancelled or expires.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short term, highly liquid investments that are readily convertible into known amounts of cash and are subject to an insignificant risk of changes in value.

Significant management judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Notes to the Financial Statements For the year ended 31 March 2024

12. Creditors: Amounts falling due after one year [Continued]

The housing loans are secured by specific charges on the Association's housing property and are repayable at rates of interest between 1.30% to 10.10%. The Effective interest rate across our loan portfolio is 4.63%. Amounts due in instalments are as follows:

	2024 £'000	2023 £'000
In one year or less	343	1,739
Between one and two years	305	346
Between two and five years	3,426	2,915
In more than five years	8,516	8,822
	<u>12,590</u>	<u>13,822</u>

Unamortised government grants

The amount of unamortised Government grants at the year end relate to Social Housing Grant which is amortised in accordance with the stated accounting policy:

	2024 £'000	2023 £'000
Balance at 1 April 2023	(19,802)	(19,777)
Grant received in the year	(140)	(473)
Grant written off - disposals	-	52
Released to income in the year	395	396
	<u>(19,547)</u>	<u>(19,802)</u>
Amount due to be released < 1 year	401	373
Amount due to be released > 1 year	19,146	19,429

13. Share capital

	2024 £'000	2023 £'000
At 1 April 2023	48	45
Shares issued in year	-	4
Shares cancelled in year	-	(1)
	<u>48</u>	<u>48</u>

The shares do not have rights to any dividends, nor to a distribution in a winding-up, and they are not redeemable. Each share carries one vote in a general meeting of the Association.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Notes to the Financial Statements For the year ended 31 March 2024

14. Social Housing Grant - housing properties	2024 £'000	2023 £'000
Total accumulated SHG received at the balance sheet date	28,236	28,095
Held as unamortised capital grant	19,547	19,802
Recognised as income in statement of comprehensive income	8,689	8,293
	28,236	28,095
15. Recycled Capital Grant Fund	2024 £'000	2023 £'000
Balance at 1 April 2023	86	100
Grants recycled	-	52
Notional interest	-	1
RCGF utilised - properties	-	(67)
RCGF utilised - adaptations	-	-
Balance at 31 March 2024	86	86
Amounts due to be utilised less than 1 year old	32	32
Amounts due to be utilised more than 1 year old	54	54

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Notes to the Financial Statements For the year ended 31 March 2024

16. Pension Scheme

The Association has operated the final salary with a 1/60th accrual rate for active members as at 1 April 2007. For new entrants from 1 April 2007 the Association has operated the career average re-valued earnings (CARE) with a 1/60th accrual rate. The Association added the option of a defined contribution pension from May 2015. This scheme was utilised for auto-enrolment in 2016/17.

The Scheme is subject to the funding legislation outlined in the Pensions Act 2004 which came into force on 30 December 2005. This, together with documents issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, set out the framework for funding defined benefit occupational pension schemes in the UK.

The last completed triennial valuation of the scheme for funding purposes was carried out as at 30 September 2022. This valuation revealed a deficit of £1.709m. A Recovery Plan has been put in place with the aim of removing this deficit by 30 September 2026.

The Scheme is classified as a 'last-man standing arrangement'. Therefore the company is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the Scheme. Participating employers are legally required to meet their share of the Scheme deficit on an annuity purchase basis on withdrawal from the Scheme.

For financial years ending on or before 28 February 2019, it was not possible for the company to obtain sufficient information to enable it to account for the Scheme as a defined benefit scheme, therefore the company has accounted for the Scheme as a defined contribution scheme.

For financial years ending on or after 31 March 2019, it is possible to obtain sufficient information to enable the company to account for the Scheme as a defined benefit scheme. For accounting purposes, a valuation of the scheme was carried out with an effective date of 30 September 2018. The liability figures from this valuation were rolled forward for accounting year-ends from 31 March 2019 to 29 February 2020 inclusive.

Similarly, actuarial valuations of the scheme were carried out as at 30 September 2019 to inform the liabilities for accounting year ends from 31 March 2020 to 28 February 2021 inclusive, and as at 30 September 2020 to inform the liabilities for accounting year ends from 31 March 2021 to 28 February 2022 inclusive.

The liabilities are compared, at the relevant accounting date, with the company's fair share of the Scheme's total assets to calculate the company's net deficit or surplus.

FAIR VALUE OF PLAN ASSETS, PRESENT VALUES OF DEFINED BENEFIT OBLIGATION, AND DEFINED BENEFIT ASSET (LIABILITY)	31 March 2024 (£'000s)	31 March 2023 (£'000s)

None of the fair values of the assets shown above include any direct investments in the employer's own financial instruments or any property occupied by, or other assets used by, the employer.

17. Capital commitments	2024 £'000	2023 £'000
Capital expenditure contracted for but not provided for in the financial statements	49	333

There is a contract for Withens Lane which was in development at the year end and was completed in July 2024.

WIRRAL METHODIST HOUSING ASSOCIATION LIMITED

Notes to the Financial Statements For the year ended 31 March 2024

18. Related party disclosures

Board Members, all of whom own one share, control the Association. The Tenant Board Member who joined the Board last year has normal tenancy terms. We also have an employee who resides in one of our properties but has normal tenancy terms. The transactions are not disclosed as there is only one tenant board member and one employee, amounts cannot be aggregated. There have been no further related party transactions that are considered material.

19. Contingent liabilities

There is a contingent liability of £2,760,000 in respect of the employer debt on the Social Housing Pension Scheme. This is the amount that would have been payable if the Association had withdrawn from the Social Housing Pension Scheme as at 30 September 2021. Further details are included at Note 16.

We are awaiting the outcome of the Scheme's Court case, this could see Social Housing Pension Scheme having to rectify employee's pension which could give rise to an estimated additional £180k Pension liability.

20. Surplus on disposal of housing properties, land, plant and equipment	2024 £'000	2023 £'000
Net cost of properties sold	-	127
Sale proceeds	-	143
Cost of sales	-	(15)
Net proceeds	-	128
Surplus on disposals	-	22

There were no disposals of housing properties, land, plant or equipment in the year.

21. Financial instruments	2024 £'000	2023 £'000
The Association has the following financial instruments:		
Financial assets that are debt instruments measured at amortised cost:		
Cash at bank and in hand	1,695	2,566
Money Market Investments	-	-
Rental debtors (Note 10)	221	220
